SPECIFICATION NO. 04-167

FOR

LANCASTER COUNTY CORRECTIONS FACILITY CONTROL SYSTEM REPLACEMENT

Addenda (or addendum if singular) are written instruments issued by the County prior to the date for receipt of offers which will modify or interpret the specification document by addition, deletion, clarification or correction. **Please acknowledge receipt of this addendum in the space provided on your bidding document.**

Be advised of the following changes to the County's specification and bidding documents:

The following makes modifications to the contract documents.

MODIFICATIONS:

<u>ITEM</u>	<u>Reference</u>	<u>Description of Work</u>
A3.1	Spec. 13800, 1.2, A, 8	Revise paragraph to read: "The video surveillance system shall function as an independent system with respect to video display, processing and recording. The new video surveillance system will include a video matrix switcher capable of supporting up to 128 video inputs (cameras) and 32 video outputs (monitors) with expansion capability to support 256 inputs and 64 outputs. Camera selection and control shall be via the touch screen station. Note that existing cameras with pan/tilt drives are manufactured by Phillips. The contractor will be responsible for providing necessary drivers, converters or replacement cameras if new system manufacturer is not compatible. Existing monochrome cameras (50) shall be replaced with compatible color cameras <u>and lenses to match existing field of view.</u> "

All other terms, conditions and requirements of the request remain the same as originally indicated in the document or as modified on previous addenda.
